PROFESSIONAL EXPERIENCE / RELEVANT COURSEWORK

CVS Pharmacy, Retail Store Associate

Sep 2020 - Apr 2021

- Assisted customers with product information and recommendations, managed cash register operations using Point-of-Sale (POS) systems, and processed transactions efficiently. Utilized inventory management software to track stock levels and manage orders, and operated payment processing tools for electronic transactions. Supported customer relationship management (CRM) systems for loyalty programs and inquiries, and collaborated with colleagues on store initiatives, including promotional displays.

Relevant Coursework:

- IT Computer Security (TECH 3498), Network Technology (TECH 2520), Cloud System Administration (TECH 4527)
- Fundamentals of Computer Science (CPS 1231), Computer Programming (CPS 2231)
- Web Client-Side Programming (TECH 3500), Mobile Application Development (TECH 3620)
- Cyber Defense (TECH 4981), Digital Forensics (CPS 4498)
- IT Database Management Systems (TECH 3740), Human-Computer Interaction (CPS 3601)

EDUCATION

Kean University | Union, NJ

Sep 2020 - Dec 2023

- B.S. Information Technology, Cyber Security Concentration
- Kean University, Union, NJ (Sep 2020 - Nov 2023)
- GPA: 3.622, Dean's List Recipient

ADDITIONAL INFORMATION

- **Languages:** English
- **Certifications:** CCNA Routing and Switching: Scaling Networks, CCNA Introduction to Cybersecurity

Projects:

- **BuildMyCustomPC (2023)** Developed a responsive website to guide users in building their first PCs. The site features a step-by-step guide, component recommendations, and compatibility checks. Technologies used include HTML, CSS, JavaScript, and Bootstrap.
- **Portfolio Website (2022)** Created a personal portfolio website showcasing my projects and skills. The site includes a working contact form, project gallery, and interactive elements using HTML, CSS, JavaScript, and Bootstrap.
